A discourse marker is a particle (such as oh, like, and you know) that is used to direct or redirect the flow of conversation without adding any significant paraphrasable meaning to the discourse . Also known as DM, discourse particle, discourse connective, pragmatic marker, or pragmatic particle. In most cases, discourse markers are syntactically independent: that is, removing a marker from a sentence still leaves the sentence structure intact.

PRAGMATIC MARKERS. Bruce Fraser 1. Introduction Simply stated, I take pragmatics to be an account of the process by which the language user takes a sentence representation provided by the grammar and, given the context in which the sentence is uttered, determines what messages and what effects the speaker has conveyed.I My concern in this paper is with a part of that process, namely, the ways in which the linguistically encoded information of sentence meaning provides an indication of the ...

The purpose of the present paper is to propose that discourse markers be considered a well-defined pragmatic category within the grammar of a language. A framework for sentence meaning is presented within which discourse markers are analyzed as a class of commentary pragmatic markers. The claim that marker meaning is that of the expression when used as part of sentence content (e.g., as an adverbial) is rejected, and a minimal pragmatic core meaning for each discourse marker is proposed.
