Earth and ...
Earth and
Environmental
Science is the study
of the Earth and its
processes. It
encompasses
elements of biology,

Online Library

Hsc Earth And

Chemistry, geology

and physics. It is one

of the most “real”

sciences as it seeks

to describe the

contemporary world in

which we live our

daily lives. Earth and

Environmental

Science is becoming

more and more

relevant as climate

change begins to

bring about noticeable

Online Library
