An Introduction to Culture, Socialisation, and Social Norms. In sociology, it is essential to understand the social context in which human behaviour takes place - and this involves understanding the culture in which social action occurs. Culture is a very broad concept which encompasses the norms, values, customs, traditions, habits, skills, knowledge, beliefs and the whole way of life of a group of people.

439). Culture is concerned with questions of shared social meanings, that is, the various ways we make sense of the world. However, meanings are not simply floating 'out there'; rather, they are generated through signs, most notably those of language. Cultural studies has argued that language is not a neutral medium for the formation of

CULTURE AND CULTURAL STUDIES

Social and Cultural Anthropology. 'Social' and 'cultural' anthropology overlap to a considerable extent. There is no hard-and-fast distinction between them, although there are differences of emphasis. Very broadly, the term 'cultural anthropology' relates to an approach – particularly prominent in the US and associated with the work of pioneers such as Franz Boas and Ruth Benedict – which stresses the coherence of cultures, including their rules of behaviour, language ...
